

The Inov-8 USATF-New England Mountain Running Circuit has teamed up with the Mt. Washington Road Race to offer you a special opportunity to bypass the Mt. Washington Road Race Lottery in 2010.

To qualify for the lottery bypass, you need to do the following:

- Become a USATF Member before the 6th race in the series (www.usatf.org)
- Complete all 6 races in the Inov-8 USATF-NE Mountain Running Circuit in 2009 so that you are awarded the status of Mountain Goat.

USATF-NE MUT Chair, Paul Kirsch, will be working with Dave Dunham to keep track of all of the mountain goats. He'll provide that list to the Mount Washington Road race at the end of the 2009 Mountain Circuit. When you go to register for the 2010 Mt. Washington Lottery in March 2009, you will be able to select Lottery Bypass. You'll still need to pay the race registration fee but there will be no waiting around wondering if you made it into the race.

Come out and join the fun and test your stamina running all 6 mountain races in 2009!
Complete list of Circuit Races and info available at www.usatfne.org/trail/
Register online for all of the races at www.coolrunning.com
